ABOUT VERGE

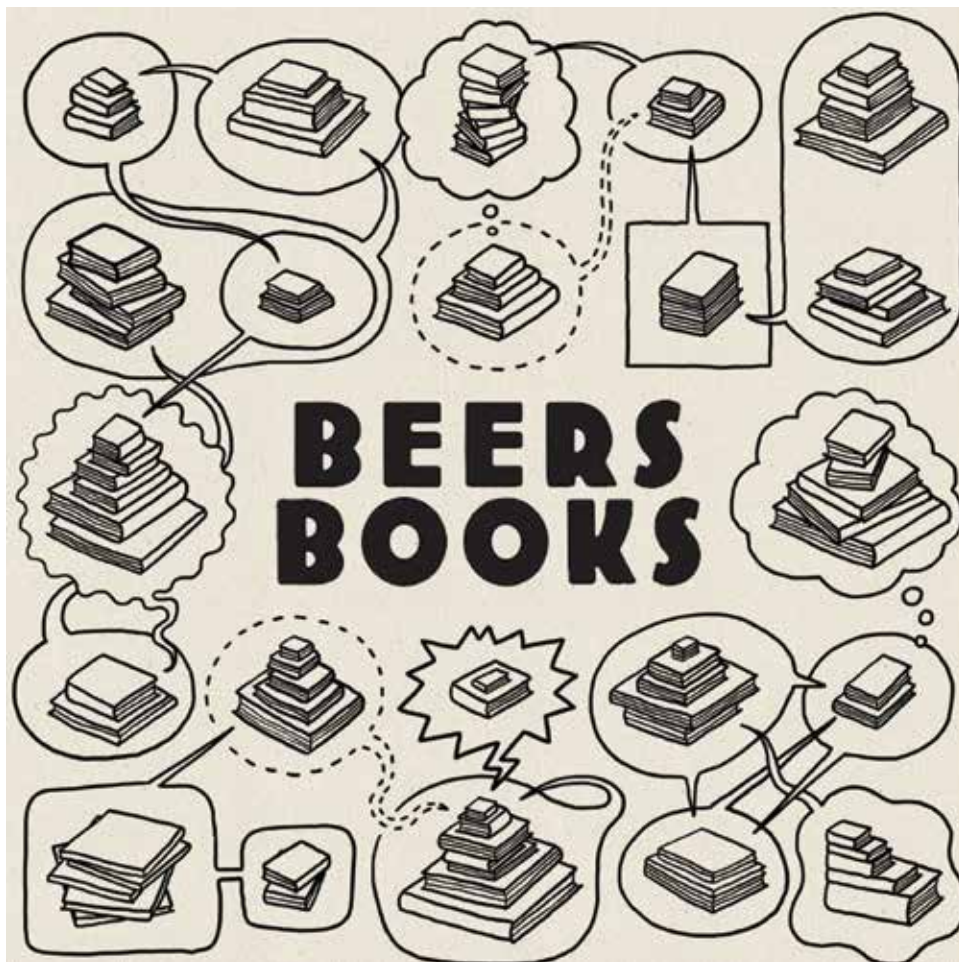

Verge is growing!

Thanks to a generous grant from the California Natural Resources Agency's Museum Grant Program, Verge is completing a multi-year project to expand our educational space and build additional studios. The improvements will include a dedicated room for pottery wheels and storage for regular Clay Lab participants, an education loft for works on paper and the Risograph, and updated sinks and bottle filling stations.

These new facilities will enhance Verge's ability to fulfill our mission of providing essential resources to both emerging and established local artists and offering arts education opportunities for youth and adults. The new studios will increase our total to 35 and complement Verge's existing offerings, which include two spacious gallery areas, a classroom, and a fine art printmaking facility. The improvements are expected to be completed by the end of this year, so be sure to sign up for the Verge newsletter to learn more about our expanded program offerings.

WELCOME

We've come a long way, baby! It's hard to believe that Sac Open Studios is now 20 years old!

Sac Open Studios was founded by the Center for Contemporary Art Sacramento (CCAS) and was originally called the Capital Artists Studio Tour. The first tour was women only, featuring 32 artists, including Verge Director Liv Moe, with preview exhibitions at both the California Museum and CCAS. Within a short time, the tour expanded to include all artists, with 125 participating studios by the time Verge began presenting the program in 2014.

As this year's tour kicks off, Verge is proud to present over 270 participating artists for the 20th year of the tour. Sac Open Studios is Verge's largest annual public program, provided for free to the 30,000 tour goers that attend the event each year. The self-guided "open studio" tour encompasses all of Sacramento County and parts of Yolo County. This year's tour takes place September 13-14 & 20-21, 2025. To attend, use this guide's artist directory and maps to discover artists you'd like to visit and plan your route. We also encourage you to visit Verge to preview works on display by participating artists in the Preview exhibition to help you plan your weekend. If you'd like to learn more about participating artists or prefer to navigate the tour on your mobile device, visit the virtual artist directory and maps at sacopenstudios.com or by scanning the QR code below.

We offer this program as a means to connect local artists with art lovers, patrons, gallerists, and their neighbors, bringing arts engagement directly to the public in their own communities. The Verge team would like to express our gratitude to the 30,000 supporters of our creative community who attend Sac Open Studios each year, as we know, we couldn't do it without YOU! We look forward to seeing you all this September for another great year of Sac Open Studios!

Thank you!

15 YEAR PARTICIPANT

Kris Marubayashi 146 | WKND 1

Thank you, Verge, for continuing the Sac Open Studio tradition! Sac Open Studio started just when I had decided to break into the larger art world, and it enabled me to reach an interested and supportive audience

quickly! Over the years, I have come to enjoy meeting new people, developing new clients, and, of course, catching up with individuals whom I have met over the years.

20 YEAR PARTICIPANT

Dianne Poiniski 113E | WKND 1

I've been part of Sac Open Studios since the very first tour in 2005—back when it was just for women artists—and I've looked forward to it every year since. It's given me a chance to connect with visitors, share my process, and stay motivated to keep creating new work.

This 20th anniversary is bittersweet, as it will be my last event in my studio at ARTHOUSE before I transition to working from a home studio.

15 YEAR PARTICIPANT

Judy "JJ" Jacobs 226B | WKND 2

Participating in Sac Open Studios for over 15 years has been an incredible part of my artistic journey. It has helped me build a loyal collector base and connect with art lovers

in a meaningful way. Each year brings fresh new faces, interesting conversations, inspiration, and a renewed sense of purpose. I look forward to this event every year!

20 YEAR PARTICIPANT

Pamela Basurto 210 | WKND 2

I am very thankful that the Verge Center for the Arts, year after year, provides a perfect opportunity for artists and the

public to meet and share their love of art. Additionally, it serves as a great incentive to continue creating

15 YEAR PARTICIPANT

Shirley Hazlett 138B | WKND 1

Reflecting on this being the 20th anniversary of Sac Open Studios, I recall my involvement in its inception. Serving on the Board of the sponsoring agency in 2006, we, the Board Members, wondered if art enthusiasts in Sacramento might be interested in a studio tour and whether artists would be willing to open their studios to the public. In the first year, 32 women artists in central Sacramento signed on to open their studios on the last Saturday in September—the first-ever Sac Open Studios. I am proud

to say that I was one of the founders and participants that first year and have been nearly every year since. I find joy in seeing how Sac Open Studios has expanded and evolved over the past two decades. Sac Open Studios has been central to my artistic practice – I look forward to it every year, creating a new body of artwork in my studio, located in the Two Rivers Cider complex in Sacramento. I enjoy meeting with visitors in my studio, discussing art and life.

15 YEAR PARTICIPANT

Jennifer O'Neill Pickering 230 | WKND 2

Participating in Sac Studios has been a wonderful experience on many levels. First, this event provides a valuable incentive to explore new subject matter and create new work. Second, it has been an effective vehicle for developing business skills, including the workshops that Verge offers for contributing artists. I love it when people come to my studio and view my

artwork. Third, the event has increased patronage of the arts.

I strive to ensure that my artwork is accessible for enjoyment in anyone's home or workplace by offering a range of price points. My Sac Open Studio show is something I look forward to every year.

20 YEAR PARTICIPANT

Maggie Jimenez 122 | WKND 1

Sac Open Studios has expanded my friendships in the artist and art lovers communities. And to be

honest, it forces me to clean up my studio and get it to appear organized and professional.

15 YEAR PARTICIPANT

Jean Wiley 110A | WKND 1

It's with love and trepidation that I approach Sac Open Studios - it's a deadline to share current and new art directions, displaying solo in my garden studio or now with friends in a midtown gallery.

The fall Sac Open Studios deadline provides structure and focus for creating new work and honing

marketing skills—many of these skills I honed or learned through Verge training sessions.

Over the years, I have greatly appreciated the fact that this event empowers artists to create opportunities for themselves while also learning transferable skills for future events.

Verge Heroes

Producing high-caliber programs, events, workshops, and exhibitions would not be possible without the support of our community. Verge's members, patrons, and attendees enable us to maintain Verge as a place for art, ideas, exploration, and inspiration. We are privileged and honored to be part of such a dedicated, creative, and supportive community. We extend a special thank you to the James and Susan McClatchy Fund of the Sacramento Region Community Foundation for their generous match on this year's Big Day of Giving.

This list includes all donors, higher-level members, and program sponsors without whose support Verge would not be possible. In today's landscape, the power of connection is more important than ever. To those on this list who have committed their time, dedication, and financial support, we extend our sincerest gratitude and admiration. It is because of you that we can foster, support, and celebrate the arts in Sacramento and beyond. Cheers to you all!
